To solve this puzzle, you must guess 28 WORDS, the definitions of which are given on the clues you will receive after handing in the treasures associated with clue #30. Alongside each definition there is a row of dashes -- one for each letter in the required WORD. When you have guessed a WORD, write it on the dashes, and also write it in the correspondingly numbered square of the puzzle diagram. When the squares are all filled in, you will notice that you have completed a quote of local significance. If read up and down, the letters in the diagram have no meaning. Shaded squares indicate the ends of words; if there is no shaded square at the end of a line in the diagram, the word carries over to the next line. When the WORDS are filled in, their initial letters spell out the author of the quote and the source from which it was taken.
