TEMAGAMI NOTES 1972 C.Reason

ROUTE: Boatlines,Obabila,Wawiagama,Wawiagama Creek,Obabika R.,Sturgeon R.,Spitpond
Hallock,Rawson,Laura,McConnell Bay,Chinaguchi Lake,Dowdney,Wolf,Silvester,
Matagamasi,Karl,Edna,Lower Matagamasi,Rice,Maskinonge,Sturgeon R.,Manitou R.,
Wawishkashi,BrightwaterManitou,Turtleshell,Gull,Skunk,Temagami.

STAY AT: 1 Temagami 2 Wawiagama 3 Rawson 4 Wolf 5 Maskinonge 6 Manitou 7 Temagami

HIGHLLIGHTS: Chiniguchi Chain,Wolf Lake

NOTES: Portage from Obabika to Wawiagama is to the right of the logs. There are 3 campsites
campsites on Wawiagama. Wawiagama Creek and Obabika River have good currents
I made Upper Goose Falls on the Sturgeon by 11:30. BEWARE the logging chute
where the Obabika R., meets the Sturgeon. Proceed up the Sturgeon until the first
real creek on the left, there should be a portage on the left of the creek

which runs 1½ miles more or less along the creek...thus bear right at the first
y in the roads. Set in above the dam at the cabins and paddle to the spitpond
before Hallock. Portage to Hallock is on the right side of the creek. Portage
out of Hallock crosses road and goes up the sand dune past some metal relics.
Portage goes to spitpond above Rawson. 2 campsites on Rawson. Portage to Laura
begins on uppermost portion of the bay of Rawson, on left. No problem to
bottom of Chiniguchi Lake. Portage to Dowdney starts on the left bay of the
Southeast bay of Chiniguchi and goes all the way to Dowdney. Portages to Wolf
are obvious. 2 portages from Silvester to Matagamasi following the river.
Portage at top of McCarthy Bay is on the left of the dam. Bear left going into
Karl, follow rock cairns into Karl. Only 1 campsite on Maskinonge, which is to
the right along the shore from the portage to the Sturgeon. Stop at the Ahmek
outpost if possible and copy as much information off their super map as possible.
2½ miler to Sturgeon r. is a good trail 45 minute walk. Portage to the Manitou r
starts along its own right shore just before joining the Sturgeon. Proceed
along the road behind the logs on Wawiashtashi bear left after the bridge set
in on Brightwater, short portage along creek to Manitou. Manitou has public
campsites and 1 campsite on a small island up the lake. Route to Turtleshell begins
with shorty along creek to a spitpond, straight across is a trail obliterated
by logging roads to a spitpond. Portage from spitpond to Turtleshell is really
screwed up by new roads, at a huge Y intersection bear down the road which goes
downhill and curves to the right, Turtleshell is to the left at the bottom of the
first hill...do not go up the next hill., Bear straight across Gull. Shorty to the spit
pond begins left in the appropriate bay, to the left along the shore from the
campsite destroyed by windfalls. Portage to Skunk is six miles miles wide and
cannot be missed.
